REMINDER ASPHALT CONCRETE REPAIRS

- **Monday, August 19, 2013 beginning 7am to 7pm - Dig out, removal & replacement, see Map #1.**

I wish to call to your attention to the following requirements of the membership and also precautions to help us perform a better job to protect you, your family and property.

- **It is recommended that during the dig out scheduled for Monday, removal and replacement of asphalt for those designated areas (see map#1) for members to move their vehicles. Otherwise, you risk possible damage and may be blocked-in for the day.**
- **Keep your children and pets away from the driveway/carport areas while work is being performed. Warn your children to be careful while riding their bicycles. Large pieces of equipment are involved.**
- **Check the bottoms of your shoes before walking into your apartment. Loose rocks of AC can be picked up and tracked into carpets or scratch floors.**
- **Warn family and guests to drive slowly and to observe all warning signage and barricades; the pavement can be slippery because of the loose rock.**
- **OBSERVE THE 5 MPH AND PLEASE “DRIVE SLOWLY”**

Sincerely,
Theresa Williams, FPI
Eastern Gardens Community Manager
