BE AWARE
SECURITY AWARENESS ALERT

It has been reported to management that this morning at approximately 5:00AM, a member's car was broken into damaging locks, dash, ignition and body of vehicle in an attempt it appears, to take vehicle off property. A neighbor witnessed incident leaving a sticky note on vehicle with description of suspecting person which I will include with notice but did not call authorities. Time is of the upmost importance to report these circumstances and this is not the correct response for positive action.

Please remember to report to the Sheriff's office any suspicious acting persons on the property; after all it is our responsibility to protect our home here and ourselves. That is why <u>you should not confront any individuals of suspicious nature</u>, suspicious nature would be persons on the property that you do not recognize day or night, making sounds at night, in the dumpster areas or trying to access the property in ways other than you would enter the property, like climbing over the gates/fencing or following members through the gate to gain entrance. If these individuals act this way that is suspicious then they are, go with your gut feeling, and call the Sheriff. <u>Our best defenses are being aware of suspicious activity and reporting it to the Sheriff first and then follow up with management in the office during normal business hours.</u> We have "no trespassing" signs posted which permits unauthorized persons to be prosecuted.

The Sheriff department has said that the crime in our area has increased due to the economic times and people are desperate. Sheriff's phone number: 916.874.5115 or "911" if crime is in progress.

Thank you,
Theresa Williams

Hey— FYI
Some big blonde dude was in your car tearing it up around 5 AM this morning. When he saw me, he ran out the gate & towards Marconi. He left all the doors open so I shut them & locked your car —— a concerned neighbor
